

On 26th March, 2019, a special assembly was held to bid farewell to our beloved teachers Ms Deepa, Ms Pushpinder and Ms Yagya. The programme began with a prayer dance followed by a wonderful performance by Tarana and the Synergy dance club.

Tr Deepa has been the English teacher of the middle school and also the head of the Synergy club for nearly about 12 years. She had a flair for conducting co-curricular activities such as debates, English declamation, recitation etc. Our students have always excelled in zonal and interschool competitions under her able guidance.

Tr Pushpinder has been the head of the Physics department for nearly about 9 years. She has given a lot of extra time towards the improvement of the weak students and her efforts have always shown results.

Tr Yagya has been a maths teacher in the primary department and also an ex-Carmelite. She was very much liked by the junior school students for her compassion and teaching methodologies
