

Carmelites participate in Climategiri protest

Inspired by Greta Thunberg, the sixteen year old climate-activist and Nobel Peace prize nominee, the NGO Nine Is Mine organized a children-friendly Climategiri on the 12th of July at Jantar Mantar. Students of 9th standard made posters on climate change and joined the protest. Nukkad natak, dance, and other art forms were performed to depict the climate change. It was an enlightening and engaging experience for the students.
