

As part of the Community Service initiative, the students of class X visited the 'Missionaries of Charity- Asha Daan Orphanage', Karkardooma, on August 17, 2019. The students mingled with the children of the orphanage, played games and put up a dance performance for them. Generous donations were made by the students. The visit was a new and enriching experience for the students, as they learnt the values of helping and caring for people who need it.
