

Carmel Bids Adieu to some of our most wonderful teachers.

Sir Surinder Kant

To a Mentor, Philosopher and Guide “Sir Surinder”

It is very painful to say goodbye to someone who is less of a colleague or a teacher (yes, he was my teacher, when I was studying in Carmel) ...but more of a father. I want you to know Sir that what a blessing it's been to work with you over these past 9 years. After 40 years of hard work, you have finally attained this milestone. May your faithful service all these years bring to your life every blessing you stand in need of. I hope that your retirement is filled with relaxation, fun and family time.

You have a wealth of information and experience that can never be replaced. I can't even think of managing the Biology lab, environmental club, Science Spontania, educational trips and especially CBSE practical exams without your guidance, support and positive attitude. Sir, you were always understanding and eager to help when I had things bothering my mind. Just as father you stood by me and said “Beta, Don't worry sab theek ho jayega”. I have never seen anger or annoyance on your face. Your patience, dedication towards school, students and your experience has always inspired me. Your advice will never be forgotten.

As you retire, remember that you are leaving behind a legacy of encouragement, achievement and work ethics that will always be part of me and our students. It is hard to believe that the time has come to say goodbye. But I am pleased that you will now have more time for yourself and that you can enjoy all those things you wanted to do...**your creative poetry writing.**

On behalf of the Management, Staff, and students of Carmel especially Biology students, I wish you good luck for this new chapter of your life with lot of beautiful memories as you bow out after spending meritorious years. May God bless you with good health.

You will be missed Sir, but never forgotten...

Thanks.
