

Geek Wars

5th October 2021

Computer Science Competition for 11B

“Geek Wars” an online coding competition was conducted on 5th October for the Computer Science students of 11B. Students were given two real-life problem situations, the solutions for which they had to write code in Python.

The students participated enthusiastically and came up with some very original and creative ideas. The competition was a learning experience for the computer science students and it gave them an opportunity to explore the world of coding beyond their textbooks and hone their programming skills. The event was judged by Ms Urmil Mahawar.

The winners of the event were

1st Position : Sribriddhi Banerjee

2nd Position : Apoorva Khera and Shreeparna Sengupta

3rd Position : Prasiddhi Nagpal and Shrishti Gusain
